DETAILED ACTION

1. Applicant's election of group I, claims 1-7, in the response to restriction requirement filed 1-22-04 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

2. Claims 8-25 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made **without** traverse in the response filed 1-22-04.

Claims 1-25 are pending and claims 1-7 are under consideration.

Claim Objections

3. Claims 3 and 4 are objected to because of the following informalities: Since claims 3 and 4 depend on claim 1, the article "A" should be changed to "The". Appropriate correction is required.

Specification

The term "CLAIMS" on page 186 of the specification is redundant because there is the phrase "What is Claimed:" on line 2 of page 186. Deleting the term "CLAIMS" would be remedial.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

Page 2

Art Unit: 1632

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claim 3 recites the limitation "the lung carcinoma polynucleotide" in lines 2-3. There is insufficient antecedent basis for this limitation in the claim. Changing the phrase "the lung carcinoma polynucleotide" to "said polynucleotide" would be remedial. Claim 4 depends on claim 3 but fails to clarify the indefiniteness.

Conclusion

Claims 3 and 4 are rejected. Claims 1, 2 and 5-7 are in condition for allowance.
